2025 Business Report

The Company has continued to enhance its manufacturing process capabilities and is able to satisfy customer requirements in terms of product quality and delivery schedules. In addition to promoting products for consumer applications, fine-pitch display products, and IR LEDs, the Company has also actively expanded into new application markets, such as wearable applications, smart home appliances, and automotive markets, which offer relatively higher gross margins. Furthermore, the Company has invested in the production and sales of Mini LED and IC packaging products. In 2025, operating revenue increased by 5.60% compared with the previous year, while net loss after tax amounted to NT$1,874 thousand. The operating results for 2025 and the business plan for 2026 are reported as follows:

Operating Overview and Results for 2025:

For the full year of 2025, net operating revenue amounted to NT$2,070,429 thousand, representing an increase of 5.60% compared with the previous year. Gross margin decreased from 25.41% to 25.27%, while the operating expense ratio decreased from 29.11% to 27.23%. Operating net loss narrowed from NT$72,526 thousand to NT$40,639 thousand. Non-operating income amounted to NT$55,051 thousand, and net loss after tax was NT$1,874 thousand. Net income attributable to owners of the parent amounted to NT$11,289 thousand, and earnings per share after tax were NT$0.05.

In terms of research and development, in addition to the existing R&D efforts for consumer products, display products, and IR LEDs, the Company also developed new products such as Mini LED, RGB+IC, and VCSEL during the year. The Company remained committed to improving the luminous efficiency, brightness, and other functions of related products, while continuing to invest in the enhancement of manufacturing process capabilities and the reduction of material costs. The Company also launched all-in-one LED display products, leveraging its advanced COB (Chip-on-Board) and MIP (Micro LED in Package) technologies to meet end customers' demand for high-end displays. In addition, the Company has expanded into the semiconductor field by applying its LED packaging technology to IC packaging, thereby facilitating the expansion of new business areas.

Business Plan and Development Strategies for 2026:

The Company will continue to focus on improving product manufacturing processes, reducing product costs, enhancing equipment efficiency, and increasing product yield, with a view to ensuring that its products meet market demand. Externally, the Company will seek stable business partners and expand its outsourced production and sales mechanism, positioning itself as a key strategic partner in the industry supply chain. Internally, the Company will

optimize its product portfolio, improve factory utilization rates and product gross margins, and create greater value for shareholders.

Finally, on behalf of the management team, I would like to express our sincere gratitude to all shareholders for their continued support and trust. Wishing you good health and all the best in your endeavors.

Sincerely,

Chairman: Wang, Ping-Lung Manager: Wang, Ping-Lung Accounting Supervisor: Su,Yu-Hui

Harvatek Corporation

Auditors' Opinions

We have audited the accompanying financial statements of Harvatek Corporation (collectively referred to as the "Company"), which parent company only balance sheets as of December 31, 2025 and 2024, parent company only statements of comprehensive income, parent company only statements of changes in equity, and parent company only statements of cash flows individual, and the notes to the parent company only financial statements individual statements, including a summary of significant accounting policies (collectively referred to as the "financial statements").

In our opinion, the accompanying parent company only financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2025 and 2024, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China ("ROC").

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the parent company only financial statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the parent company only financial statements of the Company for the year ended December 31, 2025. These matters were addressed in the context of our audit of the parent company only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The description of the key audit matter of the Company’ s parent company only financial statements for the year ended December 31, 2025, is as follows:

Recognition of Revenue from Sales

In the fiscal year 2025, the main source of revenue for the Company is sales revenue from goods. Due to the decrease in demand in the light-emitting diode (LED) market in fiscal year 2025, the sales revenue from customers with high gross profit is identified as a potential source of significant fraud risk that could have a material impact on the parent company only financial statements. Therefore, the auditor categorized the recognition of this revenue as a key audit matter and performed the following audit procedures in response to the risks associated with these customers:

1. We reviewed and tested the relevant internal control systems and operating procedures of the sales transaction cycle to confirm and assess the effectiveness of internal controls when conducting sales transactions.
2. For the sales transactions involving the potentially risky sales entities identified above, we selected samples for testing and conducted sampling audits. We examined customer and external supporting documents to confirm the authenticity of sales revenue. Additionally, we investigated whether there were any abnormalities in the collection of payments from these sales entities after the period ended.

Responsibilities of Management and Those Charged with Governance for the Parent Company Only Financial Statements.

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Company’ s ability to continue as a going concern, disclosing, as applicable, matters related to going concerned and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

Those charged with governance, including members of the audit committee, are responsible for overseeing the Company’ s financial reporting process.

Auditors’ Responsibilities for the Audit of the Parent Company Only Financial Statements.

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it

exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent company only financial statements. or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure, and content of the parent company only financial statements, including the disclosures, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the invested company adopting the equity method to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision, and performance of the Company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent company only financial statements for the year ended December 31, 2024, and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Independent Auditors' Reports

The Board of Directors and Shareholders
Harvatek Corporation

Auditors' Opinions

We have audited the accompanying financial statements of Harvatek Corporation (collectively referred to as the "Company") and subsidiaries (collectively referred to as the "Group"), which comprise the consolidated balance sheets as of December 31, 2025 and 2024, the consolidated statements of comprehensive income, consolidated changes in equity, and consolidated cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the "financial statements").
In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China ("ROC").

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the Group for the year ended December 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
The description of the key audit matter of the Group's consolidated financial statements for the year ended December 31, 2025, is as follows:

Recognition of Revenue from Sales

In the fiscal year 2025, the main source of revenue for Harvatek Corporation and its subsidiaries is sales revenue from goods. Due to the decrease in demand in the light-emitting diode (LED) market in fiscal year 2025, the sales revenue from customers with high gross profit is identified as a potential source of significant fraud risk that could have a material impact on the consolidated financial statements. Therefore, the auditor categorized the recognition of this revenue

as a key audit matter and performed the following audit procedures in response to the risks associated with these customers:

1. We reviewed and tested the relevant internal control systems and operating procedures of the sales transaction cycle to confirm and assess the effectiveness of internal controls when conducting sales transactions.
2. For the sales transactions involving the potentially risky sales entities identified above, we selected samples for testing and conducted sampling audits. We examined customer and external supporting documents to confirm the authenticity of sales revenue. Additionally, we investigated whether there were any abnormalities in the collection of payments from these sales entities after the period ended.

Other Metters

The Company has prepared the parent company only financial statements for the years 2025 and 2024. These have been audited by us, the accountants, and we have issued an unqualified opinion in our audit report, which is available for reference.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concerned and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations or has no realistic alternative but to do so.

Those charged with governance, including members of the audit committee, are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group’s internal control.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

5. Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2025, and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The distribution of the said meeting minutes shall be conducted in accordance with the Company Act.

Chapter 4 Directors and the Audit Committee

Article 18: The Company shall have seven to fifteen directors, and, by adopting the candidates' nomination system, shareholders shall elect the directors from among the nominees listed in the roster of director candidates. Each director shall hold a term of office for three years and shall be eligible for re-election. After the Company issued its shares to the public, the percentage of all directors' shareholdings is subject to the provisions separately prescribed by the competent authority in charge of securities affairs. The Company may purchase liability insurance for its directors to reduce the risk of directors being sued by shareholders or other related parties for performing their duties by law. The Board of Directors is authorized to decide the rates of remuneration to directors, based on the extent of their participation in and value of the contribution to the Company's operations and concerning industry standards.

Article 18-1: The number of independent directors, among the aforementioned number of directors,

shall be no less than three, and shall be no less than one-fifth of the total number of directors, and, by adopting the candidates' nomination system, shareholders shall elect the independent directors from among the nominees listed in the roster of independent director candidates. Matters regarding professional qualification, shareholdings, restrictions on concurrent positions held, determination of independence, method of nomination and election and other matters for compliance with respect to independent directors shall be subject to the regulations prescribed by the securities governing authorities.

Article 18-2: Pursuant to Article 14-4 of the Securities and Exchange Act, the Company has established an Audit Committee, which consists of all independent directors.

Article 19: When the number of vacancies in the board of directors of a company equals one-third of the total number of directors, the board of directors shall call, within 60 days, a special shareholders' meeting to elect succeeding directors to fill the vacancies. The term of office shall be limited to the full term of office of the original directors. If the vacancy of a director is not filled by a by-election, but it is necessary, a candidate with the second-highest number of votes in the original election may act as a substitute.

Article 20: In case no election of new directors is affected after the expiration of the term of office of existing directors, the term of office of out-going directors shall be extended until the time new directors have been elected and assumed their office.

Article 21: Where the directors form the board, the board of directors shall elect a chairman of the board directors from among the directors by a majority vote at a meeting attended by over two-thirds of the directors, who shall conduct all affairs of the Company in accordance with the law, the Articles of Incorporation, and the resolutions of the shareholders' meetings and the board meetings.

Article 22: The Company's business policies and other important matters shall be resolved by the board meetings. Except for the first board meeting of each term of the board of directors, which shall be convened in accordance with Article 203 of the Company Act, the rest shall be convened and chaired by the chairman of the board of directors. Where the chairman is unable to perform the duties, the chairman shall designate a director to act on his/her behalf. In the absence of such a designation, the directors shall elect from among themselves an acting chairman of the board of directors. In calling a board of directors meeting, a notice shall be given to each director no later than 7 days prior to the scheduled meeting date. However, in the case of an emergency, the meeting may be convened at any time. The board meeting prescribed in the previous paragraph may be convened in writing, by e-mail (e-mail) or by facsimile.

Article 23: Unless otherwise provided for in the Company Act, resolutions of the board meeting shall be

adopted by a majority of the directors at a meeting attended by a majority of the directors. In case that directors are unable to attend such meetings in person for any reason, they may appoint another director as the proxy to do so by issuing a proxy form, listing the scope of authority for the meeting. However, a director may act as the proxy of only one other director.

Article 24: Minutes shall be taken of the proceedings of the board of directors meeting. Relevant operations, retention and records may be conducted in accordance with the Company's Rules of Procedure for the Board of Directors Meeting.

Article 25: (Deleted)

Chapter 5 Managers and Staff

Article 26: The Company may have one or more manager(s). Appointment and discharge of managers shall be decided by a resolution adopted by a majority vote of the entire directors of the Company Their remuneration shall be conducted in accordance with Article 29 of the Company Act.

Article 27: The Company may hire consultants and key staff by resolution of the Board of Directors Meeting in accordance with Article 23 of the Articles of Incorporation.

Chapter 6 Final Account

Article 28: At the end of the fiscal year, the Company's Board of Directors shall prepare and submit to the shareholders' meeting the following forms for approval: 1. Business Report. 2. the financial statements; and 3. the surplus earning distribution or loss off-setting proposals.

Article 29: If the Company records a profit for a fiscal year, it shall appropriate no less than 6% of such profit as employee remuneration, of which no less than 30% shall be allocated as remuneration to junior employees, and no more than 1% as directors’ remuneration. However, if the Company has accumulated losses, an amount sufficient to offset such losses shall first be reserved.

The employee remuneration and junior employee remuneration referred to in the preceding paragraph may be distributed in the form of shares or cash, and the recipients may include employees of controlling or subordinate companies who meet certain prescribed criteria. Directors’ remuneration shall be distributed in cash only.

The matters set forth in the preceding two paragraphs shall be resolved by a special resolution of the Board of Directors and reported to the shareholders’ meeting.

Article 29-1: If the Company made a profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, setting aside as legal reserve 10% of the remaining profit (however, provided the legal reserve has reached the amount of the

Company's paid-in capital, this may not apply), setting aside or reversing a special reserve in accordance with the laws and regulations, and then setting aside 50% of any remaining profit together with any undistributed retained earnings as dividends distributed to shareholders, provided that if the aforementioned remaining profit is less than 10% of the paid-in capital, no distribution shall be made. The board of directors shall prepare a distribution plan of dividends to shareholders. Cash dividend distribution shall be resolved by the board of directors, and issuance of new shares shall be submitted to the shareholders' meeting for resolution.

The Company authorizes the board of directors to resolve the aforementioned cash dividends by a majority vote at a meeting of the board of directors attended by two-thirds of the total number of directors. In addition, a report of such distribution shall be submitted to the shareholders' meeting.

The Company's dividend policy is based on its current and future development plans, consideration of the investment environment, capital requirements, domestic and international competition, and shareholders' interests. Dividends may be distributed to shareholders in cash or in shares, with cash dividends being no less than 20% of the total dividends.

Article 29-2: The Company, in accordance with Article 241 of the Company Act, capitalize its legal reserve and the following capital reserve, in whole or in part, by issuing new shares or by cash to its original shareholders in proportion to the number of shares being held by each of them. The Company authorizes the board of directors to resolve cash dividends by a majority vote at a meeting of the board of directors attended by two-thirds of the total number of directors. In addition, a report of such distribution shall be submitted to the shareholders' meeting.

Appendix II

Harvatek Corporation
Rules of Procedure for Shareholder Meetings

Article 1: Shareholders meetings (hereinafter referred as the "Meeting") of the Company shall be conducted in accordance with these Rules and Procedures.

Article 2: Unless otherwise provided by law or regulation, this Corporation's shareholders meetings shall be convened by the board of directors.

The company holds a video conference for the shareholders' meeting, which should be stated in the bylaws and approved by the board of directors, unless there are other regulations for the handling of stock affairs for publicly traded companies. In addition, any resolutions passed at the video shareholders' meeting should be implemented only after being approved by two-thirds or more of the attending directors and the majority of the attending directors.

Changes to how this Corporation convenes its shareholders meeting shall be resolved by the board of directors and shall be made no later than mailing of the shareholders meeting notice.

This Corporation shall prepare electronic versions of the shareholders meeting notice and proxy forms, and the origins of and explanatory materials relating to all proposals, including proposals for ratification, matters for deliberation, or the election or dismissal of directors or supervisors, and upload them to the Market Observation Post System (MOPS) before 30 days before the date of a regular shareholders meeting or before 15 days before the date of a special shareholders meeting. This Corporation shall prepare electronic versions of the shareholders meeting agenda and supplemental meeting materials and upload them to the MOPS before 21 days before the date of the regular shareholders meeting or before 15 days before the date of the special shareholders meeting. If, however, this Corporation has the paid-in capital of NT$10 billion or more as of the last day of the most current fiscal year, or total shareholding of foreign shareholders and PRC shareholders reaches 30% or more as recorded in the register of shareholders of the shareholders meeting held in the immediately preceding year, transmission of these electronic files shall be made by 30 days before the regular shareholders meeting. In addition, before 15 days before the date of the shareholders meeting, this Corporation shall also have prepared the shareholders meeting agenda and supplemental meeting materials and made them available for review by shareholders at any time. The meeting agenda and supplemental materials shall also be displayed at this

Corporation and the professional shareholder services agent designated thereby.

This Corporate shall make the meeting agenda and supplemental meeting materials in the preceding paragraph available to shareholders for review in the following manner on the date of the shareholders meeting:

For physical shareholders meetings, to be distributed on-site at the meeting.

For hybrid shareholders meetings, to be distributed on-site at the meeting and shared on the virtual meeting platform.

For virtual-only shareholders meetings, electronic files shall be shared on the virtual meeting platform.

The reasons for convening a shareholders meeting shall be specified in the meeting notice and public announcement. With the consent of the addressee, the meeting notice may be given in electronic form.

Election or dismissal of directors or supervisors, amendments to the articles of incorporation, reduction of capital, application for the approval of ceasing its status as a public company, approval of competing with the company by directors, surplus profit distributed in the form of new shares, reserve distributed in the form of new shares, the dissolution, merger, or demerger of the corporation, or any matter under Article 185, paragraph 1 of the Company Act, Articles 26-1 and 43-6 of the Securities Exchange Act, Articles 56-1 and 60-2 of the Regulations Governing the Offering and Issuance of Securities by Securities Issuers shall be set out and the essential contents explained in the notice of the reasons for convening the shareholders meeting. None of the above matters may be raised by an extraordinary motion.

Where re-election of all directors and supervisors as well as their inauguration date is stated in the notice of the reasons for convening the shareholders meeting, after the completion of the re-election in said meeting such inauguration date may not be altered by any extraordinary motion or otherwise in the same meeting.

A shareholder holding one percent or more of the total number of issued shares may submit to this Corporation a proposal for discussion at a regular shareholders meeting. The number of items so proposed is limited to one only, and no proposal containing more than one item will be included in the meeting agenda. When the circumstances of any subparagraph of Article 172-1, paragraph 4 of the Company Act apply to a proposal put forward by a shareholder, the board of directors may exclude it from the agenda. A shareholder may propose a recommendation for urging the corporation to promote public interests or fulfill its social responsibilities, provided procedurally the number of items so

proposed is limited only to one in accordance with Article 172-1 of the Company Act, and no proposal containing more than one item will be included in the meeting agenda.

Prior to the book closure date before a regular shareholders meeting is held, this Corporation shall publicly announce its acceptance of shareholder proposals in writing or electronically, and the location and time period for their submission; the period for submission of shareholder proposals may not be less than 10 days.

Shareholder-submitted proposals are limited to 300 words, and no proposal containing more than 300 words will be included in the meeting agenda. The shareholder making the proposal shall be present in person or by proxy at the regular shareholders meeting and take part in discussion of the proposal.

Prior to the date for issuance of notice of a shareholders meeting, this Corporation shall inform the shareholders who submitted proposals of the proposal screening results, and shall list in the meeting notice the proposals that conform to the provisions of this article. At the shareholders meeting the board of directors shall explain the reasons for exclusion of any shareholder proposals not included in the agenda.

Article 2-1: For each shareholders meeting, a shareholder may appoint a proxy to attend the meeting by providing the proxy form issued by this Corporation and stating the scope of the proxy's authorization. A shareholder may issue only one proxy form and appoint only one proxy for any given shareholders meeting and shall deliver the proxy form to this Corporation before five days before the date of the shareholders meeting. When duplicate proxy forms are delivered, the one received earliest shall prevail unless a declaration is made to cancel the previous proxy appointment. After a proxy form has been delivered to this Corporation, if the shareholder intends to attend the meeting in person or to exercise voting rights by correspondence or electronically, a written notice of proxy cancellation shall be submitted to this Corporation before two business days before the meeting date. If the cancellation notice is submitted after that time, votes cast at the meeting by the proxy shall prevail.

If, after a proxy form is delivered to this Corporation, a shareholder wishes to attend the shareholders meeting online, a written notice of proxy cancellation shall be submitted to this Corporation two business days before the meeting date. If the cancellation notice is submitted after that time, votes cast at the meeting by the proxy shall prevail.

Article 3: The venue for a shareholders meeting shall be the premises of this Corporation, or a place easily accessible to shareholders and suitable for a shareholders meeting. The meeting may begin no earlier than 9 a.m. and no later than 3 p.m. Full consideration shall be given to the opinions of the independent directors with respect to the place and time of the

meeting.

The restrictions on the place of the meeting shall not apply when this Corporation convenes a virtual-only shareholders meeting.

Article 4: The Corporation shall specify in its shareholders meeting notices the time during which attendance registrations for shareholders, solicitors and proxies (collectively "shareholders") will be accepted, the place to register for attendance, and other matters for attention.

The time during which shareholder attendance registrations will be accepted, as stated in the preceding paragraph, shall be at least 30 minutes prior to the time the meeting commences. The place at which attendance registrations are accepted shall be clearly marked and a sufficient number of suitable personnel assigned to handle the registrations. For virtual shareholders meetings, shareholders may begin to register on the virtual meeting platform 30 minutes before the meeting starts. Shareholders completing registration will be deemed as attend the shareholders meeting in person.

Shareholders shall attend shareholders meetings based on attendance cards, sign-in cards, or other certificates of attendance. This Corporation may not arbitrarily add requirements for other documents beyond those showing eligibility to attend presented by shareholders. Solicitors soliciting proxy forms shall also bring identification documents for verification.

The Corporation shall furnish the attending shareholders with an attendance book to sign, or attending shareholders may hand in a sign-in card in lieu of signing in.

The Corporation shall furnish attending shareholders with the meeting agenda book, annual report, attendance card, speaker's slips, voting slips, and other meeting materials. Where there is an election of directors or supervisors, pre-printed ballots shall also be furnished.

When the government or a juristic person is a shareholder, it may be represented by more than one representative at a shareholders meeting. When a juristic person is appointed to attend as proxy, it may designate only one person to represent it in the meeting.

In the event of a virtual shareholders meeting, shareholders wishing to attend the meeting online shall register with this Corporation two days before the meeting date.

In the event of a virtual shareholders meeting, this Corporation shall upload the meeting agenda book, annual report and other meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the meeting.

Article 4-1: The notice convening the shareholders' meeting via video conference shall specify the following matters:

1. The methods for shareholders to participate in the video conference and exercise their rights.

2. The procedures for handling obstacles arising from natural disasters, emergencies, or other force majeure events that prevent the functioning of the video conferencing platform or participation via video conference, including at least the following:

   - (a) If the obstacles persist and require the postponement or continuation of the meeting, the new date and time for the postponed or continued meeting.

   - (b) Shareholders who did not register for participation via video conference in the original shareholders' meeting shall not participate in the postponed or continued meeting.

   - (c) In the event that a video-assisted shareholders' meeting cannot continue, after deducting the attendance of shareholders participating via video conference, if the total shares represented meet the statutory quorum for convening the shareholders' meeting, the meeting shall proceed. Shareholders participating via video conference shall be counted towards the total shares represented, and for all agenda items of that meeting, their votes shall be deemed as abstentions.

   - (d) Procedures for cases where the results of all agenda items have been announced without any ad hoc resolutions being proposed.

3. To convene a virtual-only shareholders meeting, appropriate alternative measures available to shareholders with difficulties in attending a virtual shareholder meeting online shall be specified. Apart from the circumstances specified in Article 44-9(6) of the Regulations Governing the Administration of Shareholder Services of Public Companies, companies should provide shareholders with connectivity equipment and necessary assistance and specify the period during which shareholders can apply to the company and other relevant matters that should be noted.

Article 5: The chairman of the board of directors shall chair the meeting in the case that the meeting is convened by the Board of Directors. If the chairman of the board of directors is on leave or absent or cannot exercise his power and authority for any cause, the vice chairman shall act on his behalf. In case there is no vice chairman, or the vice chairman is also on leave or absent or unable to exercise his power and authority for any cause, the

chairman of the board of directors shall designate one of the managing directors, or where there is no managing directors, one of the directors to act on his behalf. In the absence of such a designation, the managing directors or the directors shall elect from among themselves an acting chairman of the board of directors. When a director serves as chair, as referred to in the preceding paragraph, the director shall be one who has held that position for 6 months or more and who understands the financial and business conditions of the Company. The same shall be true for a representative of a juristic person director that serves as chair; if the meeting is convened by a party with the power to convene but other than the board of directors, the convening party shall chair the meeting.

The Company may appoint its attorneys, certified public accountants, or related persons to attend the meeting in a non-voting capacity.

Article 6: The Company, beginning from the time it accepts shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders meeting, and the voting and vote counting procedures.

The recorded materials of the preceding paragraph shall be retained for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the recording shall be retained until the conclusion of the litigation.

Where a shareholders meeting is held online, this Corporation shall keep records of shareholder registration, sign-in, check-in, questions raised, votes cast and results of votes counted by this Corporation, and continuously audio and video record, without interruption, the proceedings of the virtual meeting from beginning to end.

The information and audio and video recording in the preceding paragraph shall be properly kept by this Corporation during the entirety of its existence, and copies of the audio and video recording shall be provided to and kept by the party appointed to handle matters of the virtual meeting.

In case of a virtual shareholders meeting, this Corporation is advised to audio and video record the back-end operation interface of the virtual meeting platform.

Article 7: Attendance at shareholders meetings shall be calculated based on numbers of shares. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards handed in, and the shares checked in on the virtual meeting platform, plus the number of shares whose voting rights are exercised by correspondence or electronically.

The chair shall call the meeting to order at the appointed meeting time and disclose information concerning the number of nonvoting shares and number of shares represented by shareholders attending the meeting.

However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than one hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chair shall declare the meeting adjourned. In the event of a virtual shareholders meeting, this Corporation shall also declare the meeting adjourned at the virtual meeting platform.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders meeting shall be convened within one month. In the event of a virtual shareholders meeting, shareholders intending to attend the meeting online shall re-register to this Corporation in accordance with Article 4.

When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the chair may resubmit the tentative resolution for a vote by the shareholders meeting pursuant to Article 174 of the Company Act.

Article 8: If a Meeting is convened by the board of directors, the meeting agenda shall be set by the board of directors. The meeting shall proceed in accordance with the agenda, which may not be changed without a resolution of the meeting. During the meeting, the chair may, at his discretion, set time for intermission; the chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda, except by a resolution of the meeting; if the chair declares the meeting adjourned in violation of the rules of procedure, the other members of the board of directors shall promptly assist the attending shareholders in electing a new chair in accordance with statutory procedures, by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting.

Article 9: Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the chair.
A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

A shareholder may not speak more than twice on the same proposal, except with the chair's consent, and a single speech may not exceed 5 minutes. However, if the shareholder's speech violates the rules or exceeds the scope of the agenda item, the chair may terminate the speech.

When a juristic person is appointed to attend as a proxy, it may designate only one person to represent it in the meeting. When appointing two or more representatives to attend a meeting, only one of the representatives appointed may speak on the same proposal.

After an attending shareholder has spoken, the chair may respond or direct relevant personnel to respond.

Where a virtual shareholders meeting is convened, shareholders attending the virtual meeting online may raise questions in writing at the virtual meeting platform from the chair declaring the meeting open until the chair declaring the meeting adjourned. No more than two questions for the same proposal may be raised. Each question shall contain no more than 200 words. The regulations in paragraphs 1 to 5 do not apply.

As long as questions so raised in accordance with the preceding paragraph are not in violation of the regulations or beyond the scope of a proposal, it is advisable the questions be disclosed to the public at the virtual meeting platform.

Article 10: Voting at the shareholders' meeting shall be based on the number of shares held by each shareholder.

The resolutions of the shareholders' meeting shall not include the shares of shareholders without voting rights in the total issued shares.

Shareholders who have conflicts of interest with the matters discussed at the meeting, which may harm the interests of the company, shall not participate in the voting and shall not delegate other shareholders to exercise their voting rights.

The shares for which voting rights cannot be exercised shall not be counted in the total voting rights of the shareholders present.

Except for trust enterprises or shareholder proxy agencies approved by the security’s regulatory authority, when one person is entrusted by two or more shareholders, the total voting rights of the proxies shall not exceed three percent of the total voting rights of the issued shares. Any excess voting rights beyond this limit shall not be counted.

Article 11: A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Article 179, paragraph 2 of the Company Act. When this Corporation holds a shareholder meeting, it shall adopt exercise of voting rights by electronic means and may adopt exercise of voting rights by

correspondence. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting; it is therefore advisable that this Corporation avoid the submission of extraordinary motions and amendments to original proposals. A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to this Corporation before two days before the date of the shareholders meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent. After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders meeting in person, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to this Corporation, by the same means by which the voting rights were exercised, before two business days before the date of the shareholders meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders meeting, the voting rights exercised by the proxy in the meeting shall prevail. Except as otherwise provided in the Company Act and in this Corporation's articles of incorporation, the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, for each proposal, the chair or a person designated by the chair shall first announce the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS. When there is an amendment or an alternative to a proposal, the chair shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed rejected, and no further voting shall be required. Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of this Corporation. Vote counting for shareholders meeting proposals or elections shall be conducted in public at the place of the shareholders meeting. Immediately after vote counting has been completed, the

results of the voting, including the statistical tallies of the numbers of votes, shall be announced on-site at the meeting, and a record made of the vote.

When this Corporation convenes a virtual shareholders meeting, after the chair declares the meeting open, shareholders attending the meeting online shall cast votes on proposals and elections on the virtual meeting platform before the chair announces the voting session ends or will be deemed abstained from voting.

In the event of a virtual shareholders meeting, votes shall be counted at once after the chair announces the voting session ends, and results of votes and elections shall be announced immediately.

When this Corporation convenes a hybrid shareholders meeting, if shareholders who have registered to attend the meeting online in accordance with Article 6 decide to attend the physical shareholders meeting in person, they shall revoke their registration two days before the shareholders meeting in the same manner as they registered. If their registration is not revoked within the time limit, they may only attend the shareholders meeting online.

When shareholders exercise voting rights by correspondence or electronic means, unless they have withdrawn the declaration of intent and attended the shareholders meeting online, except for extraordinary motions, they will not exercise voting rights on the original proposals or make any amendments to the original proposals or exercise voting rights on amendments to the original proposal.

Article 11-1: The election of directors at a shareholders meeting shall be held in accordance with the applicable election and appointment rules adopted by this Corporation, and the voting results shall be announced on-site immediately, including the names of those elected as directors and the numbers of votes with which they were elected, and the names of directors not elected and number of votes they received.

The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Article 12: Matters relating to the resolutions of a shareholders meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chair of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in electronic form. This Corporation may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS. The meeting minutes shall

accurately record the year, month, day, and place of the meeting, the chair's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their voting results (including the number of voting rights), and disclose the number of voting rights won by each candidate in the event of an election of directors or supervisors. The minutes shall be retained for the duration of the existence of this Corporation.

Where a virtual shareholders meeting is convened, in addition to the particulars to be included in the meeting minutes as described in the preceding paragraph, the start time and end time of the shareholders meeting, how the meeting is convened, the chair's and secretary's name, and actions to be taken in the event of disruption to the virtual meeting platform or participation in the meeting online due to natural disasters, accidents or other force majeure events, and how issues are dealt with shall also be included in the minutes.

When convening a virtual-only shareholder meeting, other than compliance with the requirements in the preceding paragraph, this Corporation shall specify in the meeting minutes alternative measures available to shareholders with difficulties in attending a virtual-only shareholders meeting online.

Article 13: Staff handling administrative affairs of a shareholders meeting shall wear identification cards or arm bands. The chair may direct the proctors or security personnel to help maintain order at the meeting place. When proctors or security personnel help maintain order at the meeting place, they shall wear an identification card or armband bearing the word "Proctor." At the place of a shareholders meeting, if a shareholder attempts to speak through any device other than the public address equipment set up by this Corporation, the chair may prevent the shareholder from so doing. When a shareholder violates the rules of procedure and defies the chair's correction, obstructing the proceedings and refusing to heed calls to stop, the chair may direct the proctors or security personnel to escort the shareholder from the meeting.

Article 14: When a meeting is in progress, the chair may announce a break based on time considerations. If a force majeure event occurs, the chair may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the meeting will be resumed. If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders meeting may adopt a resolution to resume the meeting at another venue. A resolution may be adopted at a shareholder meeting to defer or resume the meeting within five days in accordance with Article 182 of the Company Act.

Article 15: On the day of a shareholders meeting, this Corporation shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation, the number of shares represented by proxies and the number of shares represented by shareholders attending the meeting by correspondence or electronic means and shall make an express disclosure of the same at the place of the shareholders meeting. In the event a virtual shareholders meeting, this Corporation shall upload the above meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the meeting.

During this Corporation's virtual shareholders meeting, when the meeting is called to order, the total number of shares represented at the meeting shall be disclosed on the virtual meeting platform. The same shall apply whenever the total number of shares represented at the meeting and a new tally of votes is released during the meeting.

If matters put to a resolution at a shareholders meeting constitute material information under applicable laws or regulations or under Taiwan Stock Exchange Corporation (or Taipei Exchange Market) regulations, this Corporation shall upload the content of such resolution to the MOPS within the prescribed time period.

Article 16: In the event of a virtual shareholders meeting, this Corporation shall disclose real-time results of votes and election immediately after the end of the voting session on the virtual meeting platform according to the regulations, and this disclosure shall continue at least 15 minutes after the chair has announced the meeting adjourned.

Article 17: When this Corporation convenes a virtual-only shareholders meeting, both the chair and secretary shall be in the same location, and the chair shall declare the address of their location when the meeting is called to order.

Article 18: In the event of a virtual shareholders meeting, this Corporation may offer a simple connection test to shareholders prior to the meeting and provide relevant real-time services before and during the meeting to help resolve communication technical issues.

In the event of a virtual shareholders meeting, when declaring the meeting open, the chair shall also declare, unless under a circumstance where a meeting is not required to be postponed to or resumed at another time under Article 44-20, paragraph 4 of the Regulations Governing the Administration of Shareholder Services of Public Companies, if the virtual meeting platform or participation in the virtual meeting is obstructed due to natural disasters, accidents or other force majeure events before the chair has announced the meeting adjourned, and the obstruction continues for more than 30 minutes, the meeting shall be postponed to or resumed on another date within five days, in which case Article 182 of the Company Act shall not apply.

For a meeting to be postponed or resumed as described in the preceding paragraph, shareholders who have not registered to participate in the affected shareholders meeting online shall not attend the postponed or resumed session.

For a meeting to be postponed or resumed under the second paragraph, the number of shares represented by, and voting rights and election rights exercised by the shareholders who have registered to participate in the affected shareholders meeting and have successfully signed in the meeting, but do not attend the postpone or resumed session, at the affected shareholders meeting, shall be counted towards the total number of shares, number of voting rights and number of election rights represented at the postponed or resumed session.

During a postponed or resumed session of a shareholders meeting held under the second paragraph, no further discussion or resolution is required for proposals for which votes have been cast and counted and results have been announced, or list of elected directors and supervisors.

When this Corporation convenes a hybrid shareholders meeting, and the virtual meeting cannot continue as described in second paragraph, if the total number of shares represented at the meeting, after deducting those represented by shareholders attending the virtual shareholders meeting online, still meets the minimum legal requirement for a shareholder meeting, then the shareholders meeting shall continue, and not postponement or resumption thereof under the second paragraph is required.

Under the circumstances where a meeting should continue as in the preceding paragraph, the shares represented by shareholders attending the virtual meeting online shall be counted towards the total number of shares represented by shareholders present at the meeting, provided these shareholders shall be deemed abstaining from voting on all proposals on meeting agenda of that shareholders meeting.

When postponing or resuming a meeting according to the second paragraph, this Corporation shall handle the preparatory work based on the date of the original shareholders meeting in accordance with the requirements listed under Article 44-20, paragraph 7 of the Regulations Governing the Administration of Shareholder Services of Public Companies.

For dates or period set forth under Article 12, second half, and Article 13, paragraph 3 of Regulations Governing the Use of Proxies for Attendance at Shareholder Meetings of Public Companies, and Article 44-5, paragraph 2, Article 44-15, and Article 44-17, paragraph 1 of the Regulations Governing the Administration of Shareholder Services of

Public Companies, this Corporations hall handle the matter based on the date of the shareholders meeting that is postponed or resumed under the second paragraph.

Article 19: When convening a virtual-only shareholders meeting, this Corporation shall provide appropriate alternative measures available to shareholders with difficulties in attending a virtual shareholders meeting online. Apart from the circumstances specified in Article 44-9(6) of the Regulations Governing the Administration of Shareholder Services of Public Companies, companies should provide shareholders with connectivity equipment and necessary assistance and specify the period during which shareholders can apply to the company and other relevant matters that should be noted.

Article 20: Matters not provided in these Rules and Procedures shall be handled in accordance with the relevant provisions of the Company Act and the Company's Articles of Incorporation.

Article 21: These Rules shall take effect after having been submitted to and approved by a shareholders meeting. Subsequent amendments thereto shall be affected in the same manner.

Article 22: These Rules and Procedures were established on June 7, 2000.
The 1st amendment was made on June 25, 2015.
The 2nd amendment was made on June 21, 2018.
The 3rd amendment was made on June 23, 2020.
The 4th amendment was made on August 20, 2021.
The 5th amendment was made on June 29, 2022.
The 6th amendment was made on June 27, 2023
